

**Pavelcomm Earns Blue Diamond Partner Status with Datto***Exceeding high standards of performance in Datto partner community*

**Portland, OR – November 8, 2021** – Pavelcomm announced today the achievement of Blue Diamond Partner status with [Datto](#), a leading provider of cloud-based software and technology solutions designed for delivery by managed service providers (MSPs). Datto Blue Diamond Partner status is the highest classification provided by Datto, representing the top 2 percent of the company’s partners across the globe.

“We are proud to have earned Datto Blue Diamond status,” said Bonnie Pavel, CEO of Pavelcomm. “The tools and support we receive as a partner truly help us amplify the business continuity and other disaster recovery solutions we provide to our clients.”

Pavelcomm has been a Datto partner for the last 5 years, and continues to make Datto’s data protection, back up and recovery solutions an important part of their portfolio for clients in the SMB, government, manufacturing, healthcare, and nonprofit environments they serve. Datto’s attention to detail and focus on providing the tools designed specifically for IT MSPs is what makes them a favorable partner.

“We congratulate Pavelcomm on their Blue Diamond Partner achievement,” said Rob Rae, senior vice president of business development, Datto. “We are committed to providing Pavelcomm (and all of our partners) the components to allow them to develop strong relationships with their customers and strengthen their brand and business.

Datto’s solutions help its ecosystem of MSP partners serve over 1M businesses globally. From proactive dynamic detection and prevention to fast, flexible recovery from cyber incidents, Datto’s solutions defend against costly downtime and data loss in servers, virtual machines, cloud applications, or anywhere data resides.
